Memo.

In reply to order of the Councillors

The Dy Comr of the several Districts were requested in Pro dated 12th August 1895 c/o 2088-93 L-760-95 to submit statements of places requiring dispensaries in the order of their urgency in consultation with the municipal and D. F. Boards.

The replies from the Dy Comr shew that ~~the~~ no dispensaries are required in the French Rocks Sub-Division, while in ~~the~~ consulting the question of opening ~~the~~ dispensary at Rampur was dropped owing to the paucity of funds. The places where dispensaries are stated to be needed are shewn in the accompanying statement, of

which an abstract is given below:— L. F. Code

	No of dispensaries reqd
1. Bangalore	11
2. Kolar	3
3. Tumkur	5
4 Mysore	4
5 Hassan	5,
6. Shemoga	6
7. Kadur	4

Besides these 11 places, the D.C. (Comr) gives the names of 16 places as requiring Dispensaries. Of the latter Kengeri is a municipal town and Channapatna has a Dispensary but the D.C. (Comr) proposes to have a female dispensary in the town

of which Arsikere and Hanibal have dispensaries since sanctioned

As Civil Hospital Assistants are available, I think that in addition to Yellahanka, Siralkoppa and Nyamati, Local Fund Dispensaries may be opened at Sargur, Heggadadevenkote Taluk, Kasur, Sagar Taluk, and Mahishi or Mégurvally, Thirtha-hally Taluk.* Both Siralkoppa and Nyamate Municipalities are able to pay their quota towards the cost of the Dispensaries proposed to be opened in them. In the other places, the Local Funds may bear a moiety of the cost of the proposed Dispensaries, the re-maining

In future, as Hospital Assistants are available, Local Fund Dispensaries will have to be opened in many more places in the Province.

Sir,

Adverting to your official memo no: 2088-93 / 1760-95 dated the 12th August 1895 enquiring where new Local Fund Dispensaries may be established in this District, I beg to state that it has been represented that one is needed at Saligram in the Yedatore Taluk. It has been constituted into a Municipality and is 14 miles from Yedatoré. There are in it 744 houses with a population of 3628. It is unhealthy, and whenever epidemics break out in the neighbourhood, it seldom escapes the attack. Deaths from cholera in 1892 numbered 155. As there is no native pundit to treat patients, great difficulty is, it would appear, experienced in procuring medicine. The establishment of a dispensary there will not only benefit that town but also the neighbouring villages. That Municipality

is not, however, very pecunious to admit of the usual one-third share of the cost of the building being paid by it. Its income amounted only to Rs 1335 during 1894-95. The receipts for the year 1895-96 are estimated at Rs 1290. That, and the opening balance viz Rs 1084, will make a total of Rs 2374. The expenditure is budgetted for Rs 2073, thus leaving Rs 307 as the closing balance. I therefore beg that the Government may be pleased to exempt the Municipality from paying the usual contribution towards the cost of the building. The proportionate cost of establishment may be paid out of the Municipal Funds.

2. A dispensary at Talkad in the T. Narsipur Taluk is also necessary but it is no Municipal station. A separate Communication will be made about the dispensaries required at places where there is no Municipality after consulting the District Fund Board.

The General Secretary to the Government
of Mysore.

Sir,

With reference to your official memorandum No. 2088-93 / L.F. 60-95 X of the 12th August 1895, inquiring where new Local Fund dispensaries should be establish:ed, I have the honor to state that the matter of open:ing such dispensaries where municipalities exist, has been disposed of in this Office letter No. 395 of the 16th September 1895.

X Sl 1 of this file

2. With regard to opening them where munici:palities do not exist, I beg to submit that the matter was placed before the Local Fund Board on the 24th October 1895, when it was resolved to open them at Periapatam in the Hunsur Taluk and at Talakad and Bannur in the Tirumakudlu Narsipur Taluk in the order in which they are men:tioned. A copy of the resolution is herewith sub:mitted. A statement showing the particulars of

population and the number of houses existing in each of those places is also enclosed. The numbers of the villages that are situated close to each of the above mentioned three places are as follows:-

Periapatam - 32.
Talakad — 11.
Bannur — 48.

From these statistics, it will be seen that the opening of dispensaries in those places will be beneficial to many. The cost may be met from the balance at the credit of the District Funds.

I have the honor to be,
Sir,
Your most obdt. servant,
M. Venkataramayya
President of the District Fund

With reference to the above, has the honor to state that considering the present financial condition of the Board, no new dispensaries can be proposed. There are already two extra dispensaries established at French Rocks and Maddur and the cost of which is met from District Funds, the municipalities being short of funds. The question will have to be decided after sufficient funds have accumulated.
